Dear Parents

Children Bringing Mobile Phones to School

We are conscious that a growing number of children are coming in with mobile phones to school. We do appreciate that parents of Y6 children who are walking to and from home alone in preparation for secondary school, may wish their child to have a phone with them in case of emergency but we are finding that children who have no need of a phone and from younger years are now bringing them as well. With the increase in opportunities for cyber bullying and issues with children on unfiltered internet connections, we are concerned that children are accessing the internet without parental knowledge of what they may be looking at.

Please can I remind all, that only Y6 children can bring phones to school if they are walking to and from home alone and ask that parents return the slip below giving their permission for their child to bring a mobile, in the knowledge that it is being used unsupervised. Phones are brought at your own risk and school cannot be responsible for any breakages or losses. All phones must be given in at the office at the beginning of the day and collected at home time.

Many thanks for your support with this.

Yours sincerely

Mrs F Feeney

Head Teacher

I give permission for my child _____ in Year 6AC / 6BH to bring a mobile phone to school as they are walking to/from school on their own.

If the phone has internet connection:

I am aware that my child is able to access the internet unsupervised.

I understand that bringing a mobile phone to school is at my own risk and the school is not responsible if it is broken or lost.

The mobile phone will be handed in at the beginning of the day and collected at hometime.
